R. & J. NIXON. MEDICAL.

Entered according to Act of Congress, in the year 1851, by J. S. HOUGHTON, M. D., in the Clerk's Office of the Listrict Court for the Eastern District of Pennsylvania. REAT CURE FOR DYSPEPSIA! -- ANOTHER SCIEN-DR. J. S. HOUGHTON'S

THE TRUE DIGESTIVE FLUID, OR GASTRIC JUICE. DREPARED from Rennet, or the Fourth Stomach of the Ox, after the directions of Baron Liebig, the great Phyic logical Chemist, by J. S. Houghton, M. D., Philadelphia,

This is a truly wonderful remedy for Indigestion, Dyspepsia, Januadice, Liver Complaint, Consumption and Debility, curing after Nature's own method, by Nature's own Agent, the Gastrio Libro. Half a tea-spoonful of Pepsin, infused in water, will digest or dissolve five pounds of roast beef in about two hours, out of the stomach.

Pepsin is the chief element or digesting principle of the Gastric Juice-the solvent of the food, the purifying, preserving and stimulating agent of the stomach and intestines, It is extracted from the digestive stomach of the Ox, thus forming an artificial digestive fluid precisely like the natural Gastric Juice in its chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation, the pains and evils of indigestion and Dyspersia are removed just as they would be by a healthy stomach. It is doing wonders for dyspeptics, during cases of Debility, Emcliation, Nervous Decline and Dyspeptic Consumption posed to be on the verge of the grave. The seconde evi-

Scientific Evidence. Baron Liebig, in his colebrated work on Animal Chemistry, says: "An Artificial D gestive Fluid, analogous to the Gastric Juice, may be prepared from the mucous membrane of the stomach of the Ox, in which various articles of food, as meat and eggs, will be softened changed and digested, just in the same manner as they would be in the mimon stonach.

Dr. Preira, in his famous freatise on "Food and Diet, published by Fewler & Wells, New York, page 25, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Priers. Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all-prevailing cause of Dyspepsia;" and he states that "a distinguishe. professor of medicine in London, who was severely afflicted with this complaint, finding every thing else to fail, his supcourse to the Gastrie Juice, obtained from the stoma-as pu living animals, which proved completely successful." Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in Physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of ef-

feeting a kind of artificial digestion of them in no wise dif-

ferent from the natural digestive process," Dr. Simon's great work, the "Chemistry of Man," (Lee & Blanchard, Philadelphia, 1846, pp. 321-2,) says: "The discovery of Pepsin forms a new era in the chemical history of digestion. From recent experiments we know that food is dissolved as rapidly in an artineial digestive fluid, prepared from Pepsin, as it is in the natural Gastrie Juice its Professor Dunglison, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than lifty pages to an examination of this subject. His experi-ments with Dr. Beaumont, on the Gastric Juice obtained from the living human stomach, and from animals, are well known. "In all cases," he says, "digestion occurred as perfeetly in the artificial as in the natural digestion," Dr. John W. Draper, Professor of Chemistry in the Col-lege of the University of New York, in his "Text Book of Chemistry," page 386, says: "It has been a question whother

artificial digestion could be performed-but it is now universally admitted that it may be," Dr. Carpenter's standard work on Physiology, which is in the library of every physician, and is used as a text-book in all the colleges, is full of evidence similar to the above, respecting the remarkable digestive power of Pepsin, and the fact that it may be readily separated from the stomach of the calf or ox, and used for experiments in artificial digestion, or as a remedy for diseases of the stomach, and deficient secretion of the Gastric Juice.

All modern works on Chemistry, Materia Medica and Physiology, and all good Medical Dictionaries, describe the character and properties of Pepsin, and state many interesting The fact that an Artificial Digestive Fluid, or Gastric Juice, perfectly resembling the natural fluid, may be readily pre-pared, does not admit of question. The only wonder is, that it has not before been applied to the cure of Indigestion and Dyspepsia- so naturally does such a use suggest itself to the

As a Dyspepsia Curer, Dr. Houghton's Pepsin has produced the most marvellous effects, in cases of Debility. relation, Nervous Decline, and Dyspeptic Consumption It is unpossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than two hundred remarkable cures, in Philadelphia. New York and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent.

It is a great nervous antidote, and particularly useful for tendency to Billions Disorder, Liver Complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine and Mercury and other drugs upon the digestive organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost reconciles health Old Stomach Complaints. - There is no form of

Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad it may be, it gives instant relief! A single dose removes all the impleasant symptoms; and it only needs to be repeated for a short time to make these good effects permanent. Purity of blood and vigor of body follow at once. It is particularly excellent in cases of Nausea, Vomiting, Cramps, Soreness of the Pit of the Stomach, Distress after Eating, Low, Cold State of the Blood, Heaviness, Lowness of Spirits, Despondency, Ema-ciation, Weakness, Tendency to Insanity, Suicide, &c. Dr. Houghton's Pepsiu is sold by nearly all the

dealers in fine drugs and popular medicines throughout the United States. It is prepared in powder and in fluid form, and in prescription vials for the use of physicians. Private Circulars for the use of physicians, may be obtained of Dr. J. S. Houghton, or his agents, describing the whole process of preparation, and giving the authorities upon which the claims of this new remedy are based. As it is not a secret remedy, no objection can be raised against its use by physicians in respectable standing and regular praetice. Price ONE DOLLAR per Bottle.

BLACKWOOD'S EDINBURG MAGAZINE (Tory.) Although these works are distinguished by the political shades above indicated, yet but a small portion of their conaits is devoted to political subjects. It is their literary character which gives them their chief value, and in that they stand confessedly far above all other journals of their ackwood, still under the fatherly care of Christopher North, insintains its ancient celebrity, and is, at this me, unusually attractive, from the serial works of Bulwer and other literary notables, written for that magazine, and first appearing in its columns both in Great Britain and in the United States. Such works as "The Caxtons" and "My New Novel," (both by Bulwer.) From the "Reston Pee," The editor said, Dec. 22da DR. HOOFLAND'S CELEBRATED GERMAN BETTERS, for the cure of Liver Complaint, Januadice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands and a friend at our elbow says he has himself received an effectual and permanent cure of liver complaint from the use of this remedy. We are convinced that, in the and vigor-a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with sefety, under any circumstances. We are speaking from experience, and to the af-

More Evidence. The Hon, C. D. Hineline, Mayor of the city of Camden, N. J., says: "Hoopland's German Betters.—We have seen many flattering notices of this medicine, and the source from which they came induced us to make inquiry respecting its merits. From inquiry we were persuaded to use it, and must say that we found it specific in its cotion upon diseases of the liver and digestive organs, and the influence it exerts upon nervous prostration is really surprising. It calms and strengthens the nerves, making sleep refreshing.

"If this medicine was more generally used, we are satisfield there would be less sickness, as from this stomach, liver and nervous system the great majority of real and imaginaand you can bid defiance to epidemics generally. This extraordinary medicine we would advise our friends who are at all indisposed, to give a trial: it will recommend itself. It should, in fact, be in every family. No other medicine can

oduce such evidences of merit. Evidence upon evidence has been received (like the fore-going,) from all sections of the Union, the last three years, and the stongest testimony in its favor, is, that there is more of it used in the practice of the regular physicians of Phila delphia, than all other nostroms combined—a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presedent

That this medicine will care liver complaint and dyspeps sia, no one can doubt after using it as directed. DR. ARNOLD'S UNION PILLS.

Green Hill, Tenn., January 19, 1852. Dr. Arnold-Dean Siz-I consider it but an act of justice to yourself and the community, to state to you the very great benefit I have received from the use of your Union Pills. Having been for quita a number of years, greatly troubled with dispepsia, and constipation of the bowels; at times alarming me greatly. I used every other remedy, al-most that I ever read or head of for the disease, all without the least beneficial effect. I had almost come to the belief, that it was useless to try any more; as I labored under great debility, and my stomach was greatly injured by taking the different Pills, medicine, &c.; but on hearing my neighbors speak so frequently of the beneficial effects of your Union Pills, I concluded to give them a trial, and bought a fifty cents vial, and commenced their use. From the first dose of one Pill I was satisfied it was the medicine for me. I have not yet used quite one vial, and can now say to you with the utmost pleasure, that I have not for the last ten years felt as well, or enjoyed such good health, as I have since commencing the use of your Pills. I would take no sum for the good these Pills have done me, and almost every branch of my family have used them with the same happy effect. At times some of the negroes have had symptoms of fever—at the first complaint I have given them one or two Pills, and never had to repeat the dose but once, which effected a cure. Your other medicines used by my family, have had the most happy effect. I shall always keep a sup-ply of your Pills on hand, and I think that no one, laboring as I have under great debility and dyspepsia, with all their evil consequences, but what would, after a use of your meddines, join me in saying the same of them. To the Editors of the Nashville Union: Gentlemen, - By oublishing the following you will much oblige me and confe favor on suffering humanity. It is but justice to the pub lie that the virtues of Mitchell's Indian Rheumatic extract should be made familiarly known to every one, and particu-

larly to those afflicted with that painful disease called Bheu-matism. I have been suffering with that disease for the last forwarded to them a chest containing Dr. K.'s medicines, two years. I have applied to numerous physicians, also tried various remedies, recommended to cure it, but only found temporary relief and almost in despair of ever getting ontirely cured; but hearing of Mitchell's Indian Rheumatic Extract, for sometime, I was not willing fo try it, as I have spent so much money, and all to no purpose; but noticing a card in your paper of Dr. Mitchell's arrival here, I sent for him, when he called on me and assured me he would effect a cure; also satisfied me by certificates from highly respectable persons in Louisville, some of whom are personally known to me, that got well by the use of his Extract, which included me to give if a trial; and I take pleasure in stating, that after the use of two bottles I am entirely reheved. Echeving it a duty incumbent upon me to recommend in the strongest terms a n-edicine which I believe has no equal in the cure of this distressing disease.

But heating that Mr. Melinosh, an old resident of Nashville, had been cured by the use of your Extract, induced me to try it for my brother, and to my great astonishment, by the use of one bottle he has regained the use of his limbs, and is entirely free of all pain. I, therefore, feel in duty bound, after having tested a medicine which nurst be of so much use to those afflicted with this paintul disease, to, was dicited, publicly recommend it as a cor-

Nonvier, Tenn., July 51, 18 To the Editors of the Union: Decining it my daily to the public and especially to those afflicted with Elicineatism, that I have been relieved by Mitchell's Indian Rheumatic Extract. I have been afflicted for a number of years, and applied to a number of physicians for relief, but in vain. Table tried different remedies recommended for Ehemmatism, but found them all to be humbugs. Hearing of Dr. Mitchell's Indian Rheumatic Extract, I called on the Doctor, and he resented me I could be cured. Having spent so much money and found no relief, I concluded to be humburged no more. I told the Doctor I would give him a certain sum if he would effect a cure. The Boctor book my case and furnished to c with medicines: I followed his directions; and I mo now happy to state, after the use of two Lottles of his extract, and two of his blood purifying remedy. I am entirely tellered. As an net of justice to Dr. Mitchell, I take this method of re-

There is a great aversion to Patent ten deceived; but this invaluable remedy is worthy a trial, and line, so far, proved effectual whenever tried. I will give a brief statement of my case, that those who have been long afflicted may not yet despend while Dr. Mitchell sur-

Having been afflicted with the worst of maladies for more than six years, being confined to my room a great portion of the time, and unable to be by day or night—my joints stiffencel, my muscles partially essified, and so much emacined as to seem more like an inhabitant of another world that They have the written signature of C. M. JACKSON up-on the wrapper, and his name blown in the bottle-without could hear, all proved unsuccessful. I had entirely despaired of recovery, expecting to spend (not enjoy) the life of the invalid, when I chanced to see an account of the wonderful cures effected by Dr. Mitchell's Indian Rheumatic Extract, I resolved to give it a fair trial, as I had all other Playsicians who tried my crose, notwithstanding it was a patent medicine, in which I could exercise no very strong inthi: when to my great surprise and satisfaction, before using it more than the short space of one month, it has been so far arrested in its ravages upon my system that I can alreed ven-ture to assert, though of long standing, that it is entirely ex-pelled from its strong hold, though apparently so well insti-fied. Less than one month is a short time to route an enemy which has been solely engaged in executing fortifications for near seven years, I can say to the afficied try for year-selves if you wish to be in the vigor and full bloom of health
